Create an account in IBM Cloud:

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links to 'Catalog', 'Manage', and the user's account ('PRITHIVI RAJ V's Acco...'). Below the navigation bar, the main content area is titled 'Dashboard' and includes a 'Create resource' button. The dashboard is divided into several sections:

- For you:** A horizontal row of six cards, each representing a different service or tutorial:
 - Build:** Explore IBM Cloud with this selection of easy starter tutorials and services. (Getting started, 2 min)
 - Explore IBM Cloud Shell:** Try a command-driven approach for creating, developing, and deploying a web project. (Getting started, 20 min)
 - Create a Kubernetes cluster:** Automate deployments and manage your containerized apps in a native Kubernetes experience. (Getting started, 20 min)
 - Deploy on Kubernetes:** With Kubernetes clusters, you can run, update, and scale containerized applications. (Recommended, 15 min)
 - Create an OpenShift cluster:** Deploy apps on highly available clusters with Red Hat OpenShift on IBM Cloud. (Getting started, 20 min)
 - Build a web app with Watson Speech to Text:** Deploy a conversational interface compatible with any application, device, or channel. (Getting started, 15 min)
- News:** A section with a 'View all' link, containing several news items about IBM Cloud certification, network performance, and Gartner Magic Quadrant.
- Recent support cases:** A section with a 'View all' link, showing a list of support cases.
- Planned maintenance:** A section with a 'View all' link, showing a list of planned maintenance events.
- IBM Cloud status:** A section with a 'View all' link, showing a world map indicating the status of IBM Cloud services across different regions.
